

ELECTRONICS CORPORATION OF INDIA LIMITED

A Govt. of India (Dept. of Atomic Energy) Enterprise
ECIL (PO), Hyderabad – 500 062, Telangana State, India

PRESS RELEASE

Date: 22.07.2026

Dr. Komal Kapoor, Chief Executive, Nuclear Fuel Complex (NFC) has assumed the charge of Chairman & Managing Director and Director (Technical) of Electronics Corporation of India Limited (ECIL), a Schedule 'A' Miniratna Cat-I CPSE under the Department of Atomic Energy.

Dr Komal Kapoor assumed charge of C&MD & Director (Technical), ECIL

Dr. Kapoor is a Distinguished Scientist and a Metallurgical Engineer, who joined the 33rd batch of BARC Training School, Mumbai in 1989. Subsequently, he was posted to NFC and served in various capacities for more than three decades. He has obtained Doctorate degree in Metallurgical Engineering and Materials Science from the Indian Institute of Technology (IIT), Mumbai. Dr. Kapoor is an Adjunct Professor in Homi Bhabha National Institute (HBNI), Mumbai and the Guest Faculty at the University of Hyderabad (UoH).

As Head of the three Nuclear Fuel Cycle Facilities, Dr. Kapoor is contributing significantly to the Indian Nuclear Power Program. He is responsible for setting up a large Greenfield Project at Kota, Rajasthan to meet the fuel requirements of upcoming Reactors in the Country.

Dr. Kapoor possesses extensive knowledge of nuclear fuel cycles and materials. His initiatives have resulted in improvement of quality standards and fuel performance in Nuclear Reactors and also consistent improvements of radiological safety.

Dr. Kapoor is responsible for numerous research collaborations with various national and international institutions in Nuclear Engineering. For his invaluable contributions in this field, Dr. Kapoor has been conferred with the several prominent Awards and Honours, including NMD Young Metallurgist Award by the Ministry of Steel, Govt. of India. He has to his credit over 100 Publications in National/International Journals of repute and Symposia
